Lumber is Down

Yes, Lumber Is Down—Down to where a far ner can afford to build anything that can be made of lumber even in the face of a low market on tarm products. Lumber Was The Last Great Commodity To Go Up and the first to come down Today lumber prices are

lower when costs are considered. You Farmers Have Reason To Be Disappointed In the returns from last year's crops, but with lumber selling on the present basis we don't believe you can afford not to do whatever building or repairing may be necessary before Spring work commences.
